Inspire & Create

At Interface, we know our products shine brightest when they are used in great projects. We're just as proud of the designers that find new ways to use our products as we are of our product development team that created the products.

Our Casebook features some of our favourite interiors from Europe, Africa and the Middle East. If you want to know more about the products used, you can search for them at **interface.com**

Mission Zero:
our promise to eliminate any negative impact our company may have on the environment by the year 2020.
