InterfaceFLOR, LLC (Interface) warrants its Interface® brand Luxury Vinyl Tile (LVT) products to the original end-use customer as stated below for a period of 15 years from the date of invoice:

- Interface® brand LVT products are warranted against excessive wear, provided the material was installed and maintained properly and used as intended and recommended. For these purposes, “excessive wear” is defined as the complete removal of pattern and/or color due to normal traffic and assuming proper installation and maintenance strictly in accordance with Interface’s Luxury Vinyl Tile Installation Instructions and Luxury Vinyl Tile Maintenance Guidelines, both of which can be found on Interface’s website; and
- This warranty covers odor from plasticizer hydrolysis of Interface brand LVT products, to the extent that the odor is caused by moisture (RH) and alkalinity (pH) in concrete slabs, when installed strictly within the limits set forth in Interface’s Luxury Vinyl Tile Installation Instructions.
- All installations must be completed strictly in accordance with Interface’s installation instructions for LVT, which can be found on Interface’s website. In all installations, there must be no visible moisture on the surface of the concrete slab. Archived written and photographic evidence of moisture and alkalinity test results must be maintained by the original end-use customer.

If a product fails to perform as warranted, Interface will correct the problem in the affected area either by repair or (at Interface's option) replacement with comparable product(s) at no charge to the customer.

Interface also warrants its LVT products against defects arising out of the manufacturing process to the original end-use customer as stated below:

- If the product is determined to exhibit a manufacturing defect within the first year following the date of invoice, Interface will correct the problem in the affected area either by repair or (at Interface’s option) replacement with comparable product(s) at no charge to the customer, as well as pay the reasonable labor costs (as determined by Interface) associated with its repair or replacement;
- If the product is determined to exhibit a manufacturing defect in the second year following the date of invoice, Interface will correct the problem in the affected area either by repair or (at Interface's option) replacement with comparable product(s) at no charge to the customer, as well as pay fifty percent (50%) of the reasonable labor costs (as determined by Interface) associated with its repair or replacement; and
- If the product is determined to exhibit a manufacturing defect in the third, fourth, or fifth years following the date of invoice, Interface will correct the problem in the affected area either by repair or (at Interface's option) replacement with comparable product(s) at no charge to the customer, but will not be responsible for any labor costs associated with its repair or replacement.

In all cases in which a covered warranty condition is determined by Interface to exist, the customer must provide reasonable cooperation to facilitate Interface's repair or replacement in the affected area.
