Beauty meet function.

LVT meet carpet.

We've designed our LVT and Carpet Tiles to work together seamlessly – with no transition strips.

This effortless meeting of hard surfaces, soft textures, endless pattern and colour combinations allows you to create truly unique flooring designs.

Together with Interface's truly unique offering of products and services, you'll have everything you need to meet your next design challenge and create spaces people love to be in.

Designers meet inspiration.

Meet a world of endless possibilities.

Our modular system works perfectly together in format and height, giving you building blocks for endless patterns and colour combinations and creative freedom to design beautiful spaces.

We can also provide a little inspiration or help to bring your vision to life with our Concept Design Team who can work with you to create flooring designs that meet the needs of any space.

Carbon meet Neutral.

WE KNOW YOUR FLOORING'S
IMPACT ON GLOBAL WARMING.
THAT'S WHY ALL OUR PRODUCTS
ARE NOW CARBON NEUTRAL.

Carbon Neutral Floors. All our
products. Carbon neutral.

We've done the math. We know your flooring's impact on global warming. That's why all Interface products – carpet or LVT – are carbon neutral. We'll calculate your flooring's impact on global warming and ensure it's offset – at no extra cost to you.

By choosing Carbon Neutral Floors we'll help you take a positive step toward your own goals on carbon emissions. The next step is up to you.

Looks meet brains.

Meet products that are as smart as they look.

Our range of modular flooring offers more than beautiful design. With benefits such as superior acoustics, low VOC's for an improved indoor air quality and impressive durability so they stand up to everyday use while making your space feel more welcoming and beautiful.

The clever design of Interface's carpet and LVT allows for seamless integration of both resilient and soft surfaces to sit side by side without the need for transition strips.

Meet Sound Choice™ backing.

Our LVT designs always come with our superior Sound Choice™ backing. So even hard floors can minimise noise, making it easier for you to create spaces for concentration and focus.

Backed by Interface's quality and a 15-year warranty you can be safe in the knowledge, you'll get everything you need from the most versatile modular flooring available.

Breathe meet easy.

Meet smarter solutions,
an easier and cleaner
installation

Each of our many floors meet the highest standards for indoor air quality, and LVT is no exception. LVT is also FloorScore® Certified to emit very low emissions of VOCs.

Calm meet collected.

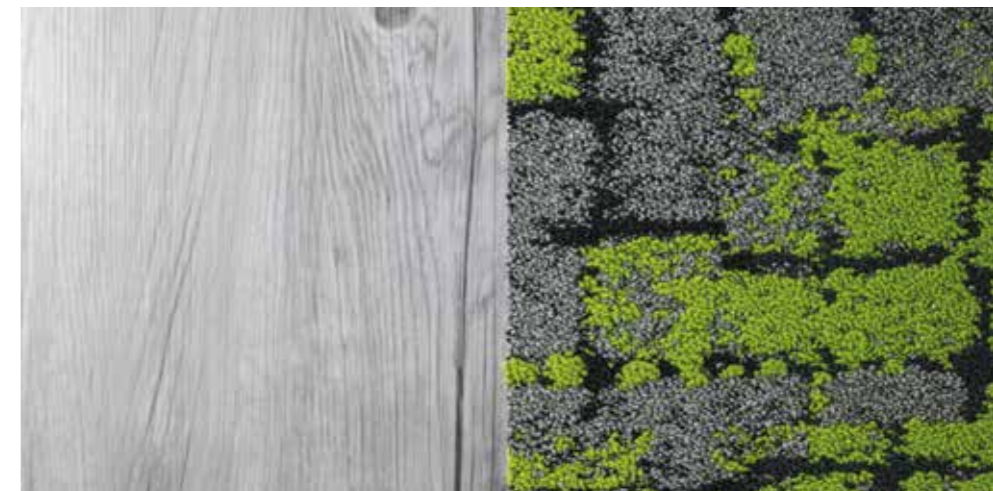

Meet biophilic design
inspired by nature.

We learn from nature.

Through Biophilic design we can create beautiful spaces, that have both health and emotional benefits.

Our LVT and carpet tile collections work together to bring a sense of the outside inside.

Combining natural textures and colours from mossy cobblestones to sleek wood and stone surfaces help you to create stress-free spaces with wellbeing in mind.
