About Interface

Interface is a worldwide leader in the design and production of modular soft and hard flooring products that combine beauty and sustainability with functionality and environmental credentials to help businesses and organisations bring their design vision to life. Interface was one of the first companies to publicly commit to sustainability. Our Climate Take Back™ mission focuses on driving positive impacts in the world to create a climate fit for life. Recently, Interface was named third on GlobeScan and SustainAbility's 20th Annual Sustainability Leaders Survey. Interface is the only company to earn a place on the list every year since its inception in 1997.
