## The Future: What to do about it

An incredible line-up of experts talk us through how we need to completely rethink the way we live and work today to prepare for the future. Dive into the future – this is not fiction, it's not a hypothesis – it's about the questions the future is asking today and how to approach them with ambition and optimism.

**Hosted by Oliver Heath**  
Architectural & Interior Designer

**Panelists:**

**Mark Stevenson**  
Author, Businessman & Public Speaker  
Founder: We Do Things Differently

**Nigel Stansfield**  
President, EMEA, Interface

**Carl Wolf**  
VP, Europe, Lanzatech

**Julie Hirigoyen**  
Chief Executive,  
UK Green Building Council

Drop in from 10am–4pm  
Discover the art of terrarium making in this fun and interactive workshop with Botanique Boutique founder, Alyson Mowat. Create your very own mini closed tropical terrarium to add a touch of nature to your desk or home.

**Botanique Boutique: create your own terrarium**

**Thursday**  
Drop in from 10am–2pm  
Discover the art of terrarium making in this fun and interactive workshop with Botanique Boutique founder, Alyson Mowat. Create your very own mini closed tropical terrarium to add a touch of nature to your desk or home.

**Colour in the workplace**

**Tuesday**  
Drop in from 10am–4pm  
As companies delve deeper into how to maintain and enhance the wellbeing of employees, we turn to the world of colour and the key role it plays in positive workplace design. Join our Concept Design team as they look into ways of introducing colour combinations into a space.
