

Carbon Neutral Floors

2020 Offset Projects

Global warming impacts everyone. Interface's Carbon Neutral Floors™ program helps lower your carbon footprint with one positive step.

All the flooring products that we sell – carpet tile, LVT and nora® rubber – are carbon neutral across their full lifecycle. To compensate for the full life cycle carbon emissions that we are unable to eliminate, we purchase carbon offsets.

In selecting offset projects, Interface sources offsets only from projects that meet third-party verified carbon offset standards such as the Gold Standard (GS), the California Climate Action Reserve (CAR), the American Carbon Standard (ACR), or the Verified Carbon Standard (VCS) with some projects having additional certifications such as the Climate, Community & Biodiversity Standard (CCB).

This assures that the carbon credits we use are real (have happened), additional (beyond business-as-usual activities), measurable and permanent.

Project Name	Location	Type	Standard
Solar Renewable Power Project	India	Solar	VCS
CECIC HKC Gansu Changma Wind Power Project	China	Wind	VCS
Nouakchott Wind Farm	Mauritania	Wind	VCS
Rimba Raya Biodiversity Reserve Project	Indonesia	Forestry	VCS - CCB-GS
Toujounine Solar Farm	Mauritania	Solar	VCS
Small-Scale Hydropower Project	Madagascar	Hydro	VCS
Kasigau Corridor REDD Project – Rukinga Sanctuary	Kenya	Forestry	VCS - CCB-GS
ECO2 Rubber Forest	Guatemala	Forestry	VCS
Southern Cardamom REDD+ Project	Cambodia	Forestry	VCS - CCB-GS
Fuel Efficient Cookstove Program	Sudan	Cook stove	GS
Alebtong District Borehole Project	Uganda	Clean Water	GS
The Mai Ndombe REED+ Project	DRC	Forestry	VCS - CCB-GS
Lango Safe Water Project	Uganda	Clean Water	GS
Kariba REDD Project	Zimbabwe	Forestry	VCS - CCB-GS
Paradigm - Healthy Cook stove	Kenya	Cook stove	VCS
Alligator River Avoided Conversion	USA (NC)	Forestry	CAR
Francis Beidler - Improved Forest Management	USA (SC)	Forestry	CAR
Gyapa Cook Stoves Project	Ghana	Cook stove	GS
Dowa Boreholes	Malawi	Clean Water	GS
Keo Seima REDD Project	Cambodia	Forestry	VCS - CCB-GS
Doe Mountain Improved Forest Management	USA (TN)	Forestry	ACR
Improved Cookstove for Social and Environmental Impact	Uganda	Cook stove	GS
