

Brushed Lines | LVT

Interface®

Earth is the ultimate influencer. Even in the most industrial of spaces, we find traces of the natural world. Worn edges. Organic forms. Dusty colors. They ground us, connect us to the here and now.

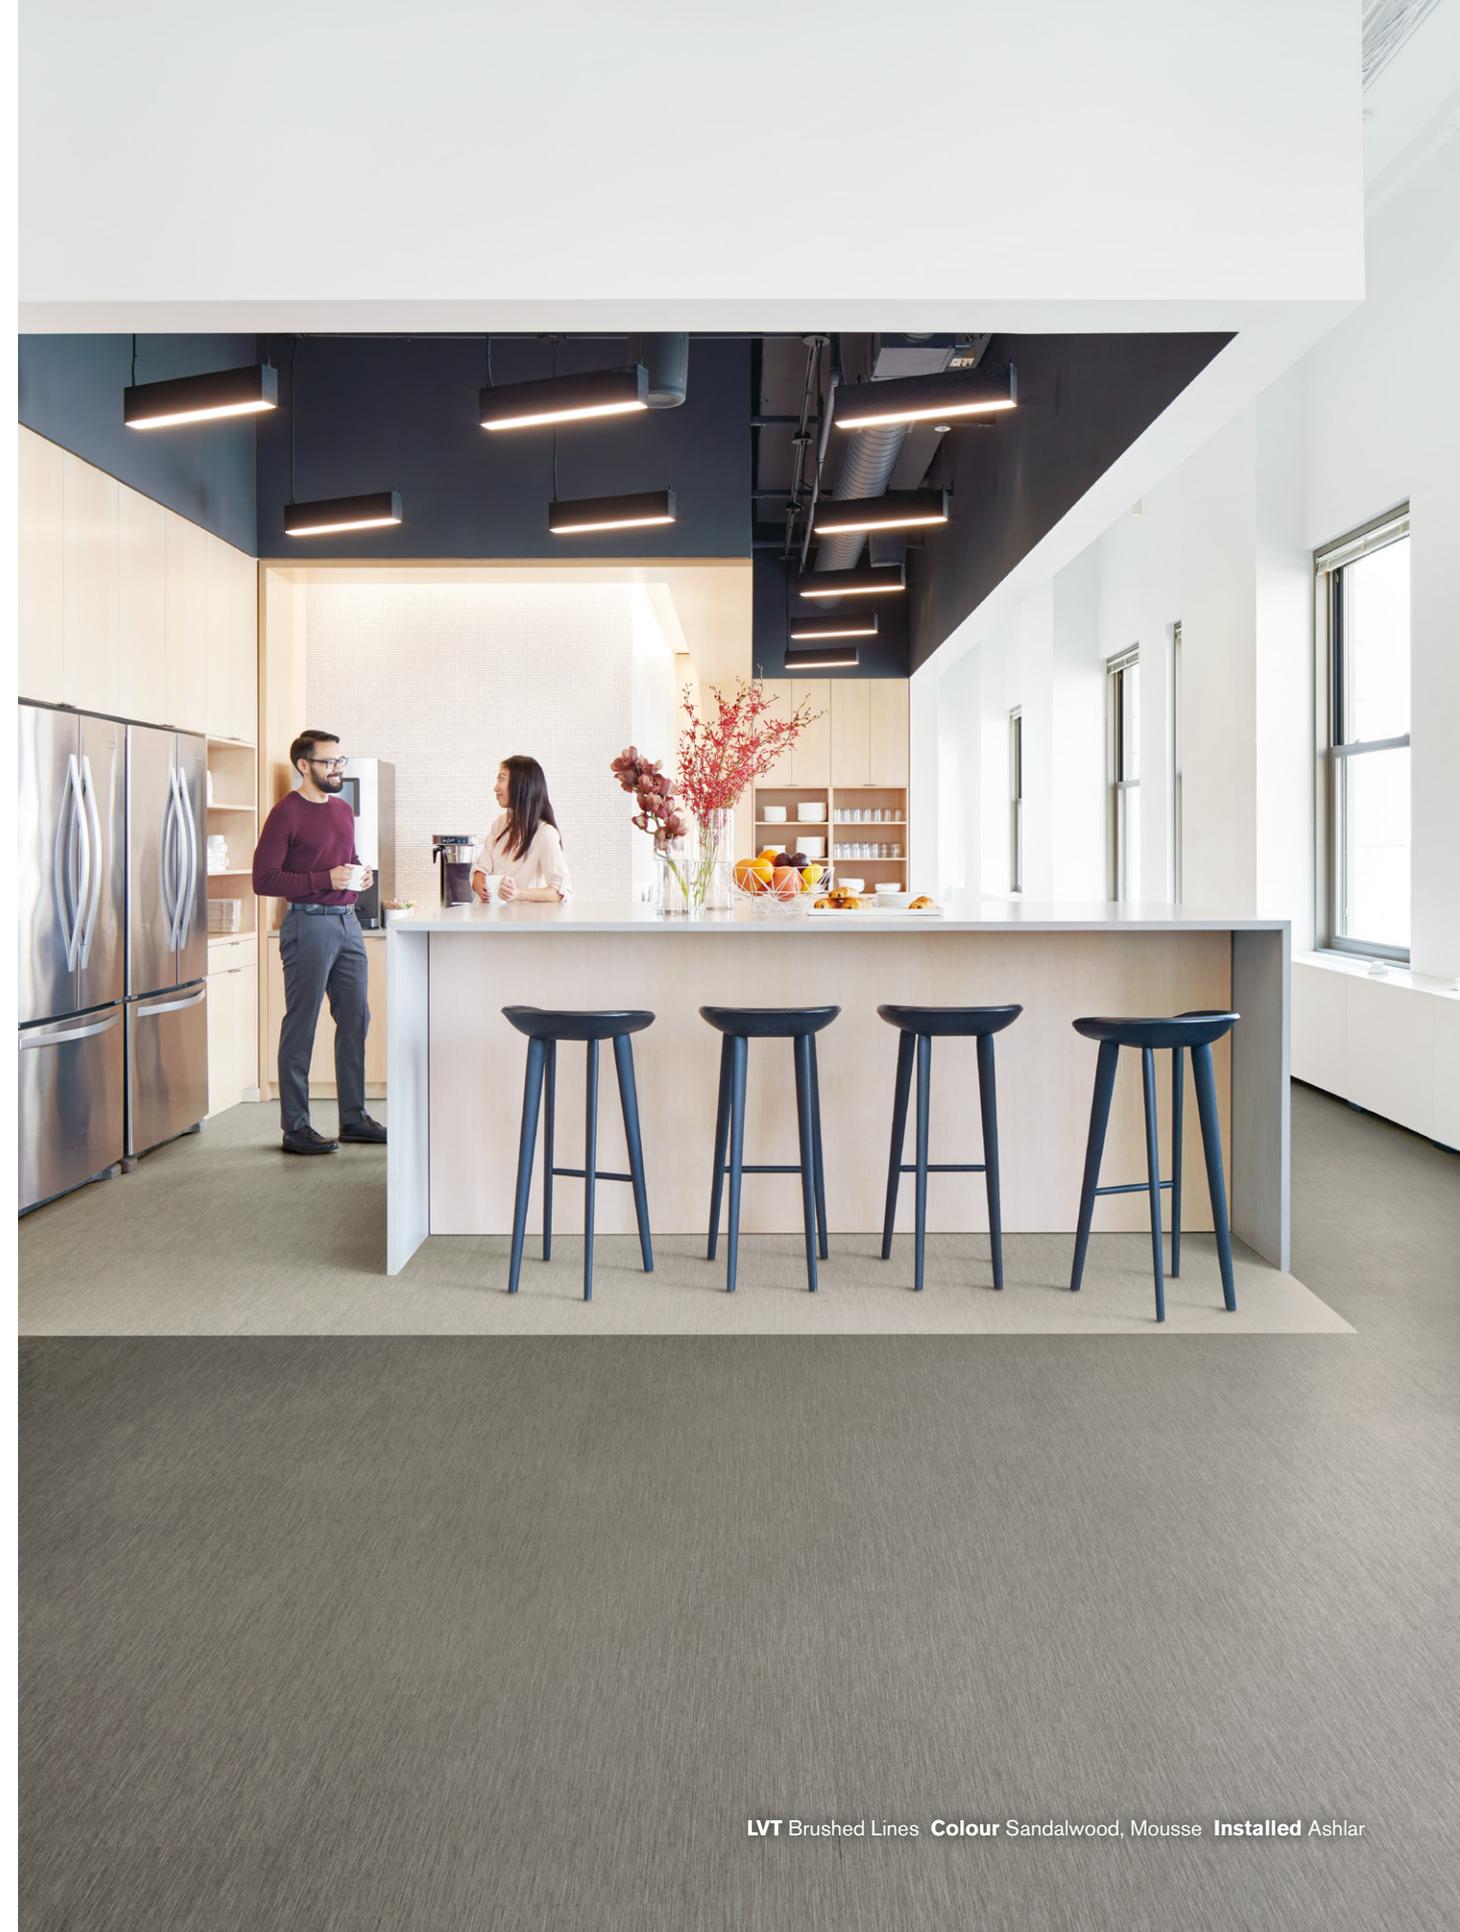

Could we achieve that same effect with different materials?

The diffused linear texture of Brushed Lines evokes the familiar qualities of hard surfaces with a light-capturing quality that sparkles on the floor. Its subtle design features 22 solid colors ranging from warm and cool neutrals to pops of earthy, mineral-like tones. Given space, Brushed Lines delivers modern refinement inspired by raw and natural motifs.

Pair Brushed Lines LVT with SoundChoice™ backing with Interface carpet tiles for an integrated flooring system of hard and soft in planks and squares. Interface modular floors allow you to move from surface to surface without the need for transition strips.

Brushed Lines LVT is fully recyclable through our ReEntry™ program and contains a significant percentage of recycled content. As part of our global portfolio, all of the flooring products that we sell - carpet tile, LVT and rubber - are carbon neutral. Impactful on the floor. Impactful on the planet.

Integrated System.

Say goodbye to transition strips and doubling up. Our modular resilient floorings are made to work as a system with our modular carpet tile. The compatible size and height of our products allows you to integrate modular carpet for an inset rug or an adjacent field – no transition strip required. You'll avoid doubling up on materials and save cost.

Real Flexibility.

Create a unique look that lasts. Interface modular resilient LVT makes it easy to extend the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT is produced with a controlled material stream so it can be reclaimed and recycled into our GlasBac™RE recycled content backing through our ReEntry® program.

Noise Reduction.

Less distractions. Interface is helping create **+Positive spaces™** with our LVT with Sound Choice™ backing, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

Interface Modular Resilient Sound Choice™ LVT and Modular Carpet allow you to seamlessly move from hard to soft surfaces. No transition strip needed.

Why Our Modular Resilient LVT? (continued)

High Performance from Top to Bottom.

1. **Ceramor® Coating.** Minimizes everyday scratching and scuffing.
2. **Wear Layer.** High quality layer enabling 15 years of resilience and performance.
3. **Print Film.** Provides outstanding visuals of natural materials and Interface innovative designs.
4. **Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
5. **Fiberglass.** Adds dimensional stability and controlled flexibility.
6. **Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
7. **Sound Choice™.** Provides comfort and superior acoustic performance.

Third Party Certification.

Carbon Neutral Floors. All Interface flooring sold globally is third party verified carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire lifecycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is FloorScore® Certified, assuring very low emissions of VOCs.
