

Interface*Hospitality*

**Welcome to beautiful,
modular flooring design.**

Welcome to Interface Hospitality

You welcome people every day, from all over the world. People who want the perfect experience. It's what makes hospitality both demanding and rewarding.

At Interface Hospitality we understand how a great product can make an experience more enjoyable. We also know a great product can make all the difference in running a successful business.

Using our extensive collection of modular flooring, you can create your unique environments, mixing texture, colour and pattern to create spaces your guests will love to be in.

Whatever your requirements, from first ideas to installation, Interface Hospitality is dedicated to realising your vision. Making it easier for you to provide your guests with an amazing experience.

Interface*Hospitality*

Welcome to beautiful, modular flooring design.

Featured Products

The products in this brochure are a small selection of the products we offer. This is a great place to start your journey with Interface. To see the full product line please see interface.com/hospitality.

Flexible Modular Patterns

The Portmanteau Collection has two companions for each pattern – incrementally diffusing the texture, so transitions can move slowly across the floor or abruptly for dramatic effect.

There is a shared texture like a loosely woven textile that beautifully offsets the graphic quality of the other patterns.

Every bit of it is sink-your-toes-in depth. And, of course, we can create custom colours just right for your space.

Roman Holiday Ardesia 2374-001-000

Roman Holiday™

Racing through Rome on a Vespa, ancient architecture rises up beside you as you wind through the narrowest alleys, past a fountain, past a piazza. Like a map of the old city, Roman Holiday carves meandering paths across a surface of deep, sumptuous undertones. A slight twist to the finish adds the right amount of charisma, befitting the eternal city.

Big Apple

Big Apple Anzac 2383-001-000

Big Apple Anzac 2383-001-000

Big Apple

A park is truly the most explicit example of our desire to engage with nature, designing natural settings out of natural elements to recreate the perspective and experience of native landscapes. Big Apple brings the park inside with elegant, organic lines, referencing branches, fissures in stone and the veins in a leaf.

2383-001-000 Anzac 50cm x 50cm

City of Angels Jet 2384-001-000

City of Angels

City of Angels

The earliest works of Agnes Martin (1912-2004) were drawn from the desert terrain and were noted as 'essays in discretion'. Ms. Martin, one of the most renowned abstract painters, sketched simple, black and white grids with accents of red lines.

Inspired by this artwork, City of Angels is a repetition of short lines loosely formed into a pattern – sometimes stippled, sometimes shifting – to create an abstraction of the grid and a hand-drawn effect.

Head Over Heels

Did you know when you woke up this morning that you'd fall in love? We think you'll fall hard for Interface Hospitality's Head Over Heels, a stunningly beautiful collection of textured patterns made to inspire. Unique floor designs for corridors and public spaces.

Hip Over History

Love the imperfect beauty, the welcoming feel of a distressed finish? Hip Over History brings the comfortable patina of age without the wear and tear to your floor. The patchwork designs feature historically inspired patterns with tactile and visual textures that create the illusion of a well worn floor. An inviting welcome. A Come-and-stay-a-while kind of floor that's uniquely yours.

Over the Edge

This isn't your average carpet tile collection. Interface's Over the Edge™ collection includes three styles – Lofty™, Edgy™ and Steady™ – that are more like textured building blocks or puzzle pieces. They fit together seamlessly to create a beautiful, progressively textured floor. Steady's low profile lines up with Edgy's low profile side and then elevates to Lofty's sculptured patterning. Create continuous transitions along a corridor or feature Lofty as an inset area rug in larger, open spaces. Welcome to beautiful modular flooring.

RMS Collections

Our Guest Room patterns are sophisticated styles you can colour to be as bold and bright or as simple and subdued as you like. Mix colour variations of one pattern or mix styles together. Install wall to wall or create an inset rug using within our LVT.

We'll help you create the look that's perfect for your rooms. And of course, you also get the high performance and easy maintenance of our flooring. It's made to last, but when there's a need (iron burns or stubborn stains), your staff can pick up the damaged piece and put down a new one.

Follow your Instinct with Nature-Inspired Carpet Tile

We love life and all things related to it. Travelers in the most urban spaces, instinctively crave a connection to nature. At Interface, we use design to bridge the gap between these seemingly divergent environments. We're at the vanguard of a new aesthetic that is technologically versatile, environmentally responsible and inspired by the natural world. It all starts from the ground up. With its natural, neutral colour palette, Urban Retreat can evoke the quiet and sanctuary of an old-growth forest floor, down to the occasional moss or lichen-covered stone, as well as the cool splendour of glass and steel.

Net Effect

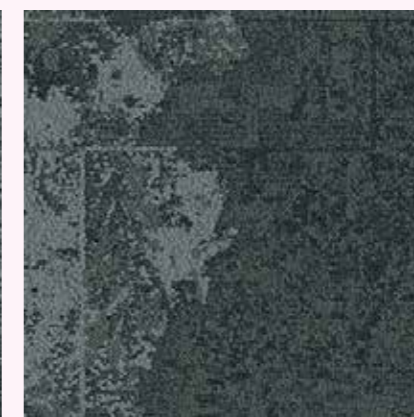

Without Blue, There's no Green

You would be hard pressed to find a perfectly straight line in nature – certainly not in the undulating raw power of our oceans and seas. Inspired by the colour and movement of the oceans, our Net Effect™ collection includes three square styles and three Skinny Planks™.

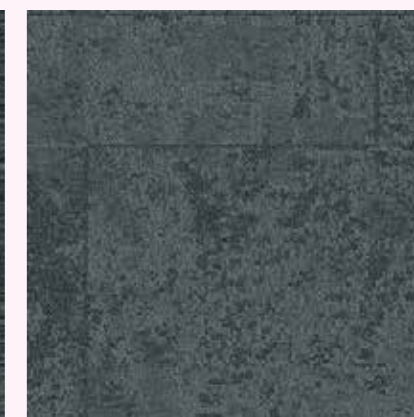

The squares are a grouping of three textures that, when placed side by side, describes the precise moment when the sea foams into the shore. The Skinny Planks capture the fluidity of water in linear patterns with expanding and contracting rhythms. The shared palette was drawn from the deepest parts of the ocean to the sun and salt bleached wood and stones of the shore.

The Human Side of Nature

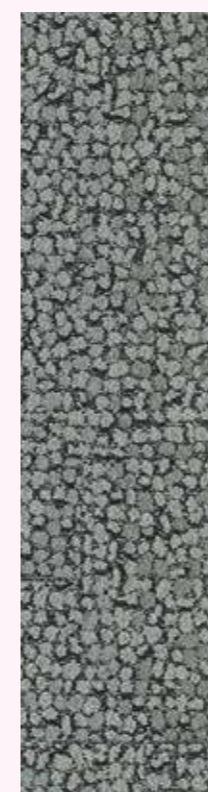

When we follow nature's example, designing spaces can ignite our senses through light, colour, texture and detail. Human Nature Collection was designed as a beautiful foundation for those spaces, made up of five different textures in 25cm x 1m skinny planks. Borrowing from natural elements, HN810™, HN850™ and HN840™ placed in sequence blend seamlessly in an organic movement that shows no hint of the corners or edges of the tile.

HN820™ and HN830™ extend the range from very low profile to wildly-full and neutral to colourful. Like everything in the natural world, transitions are varied. The skinny plank format lends itself to fluid transitions with its graceful, elongated dimensions. More dynamic connections are made when mixing hues and textures with the bold geometry of the tile.

Travel to the Edges, Where the Real Lives are Lived

Fine craftsmanship is marked by the ability to expose the inherent beauty of the materials used. It is a kind of authenticity we learned from our best design-mentor, nature. Every time a designer chooses to engage nature as source and inspiration, beautiful things emerge and we find paths to reconnect our modern lives with the physical world.

Near & Far Collection can be found somewhere between made and found. The organic reference is clear, but we can see the artisan's hand in the shape and materials. NF400™ studies shade and hue in striations while NF401™ explores these ideas in greater dimensions with carving and depth and curvilinear movements. The juxtaposition of the two set side by side awakens the edges, adding a third design element to explore.

Travel to a Centuries-Old City and Walk, and Walk

Consider the cobblestone street: natural stones are selected for their variation and strength then placed in patterns and arcs that serve both the utility of the road and the beauty of it. The intersection of the man-made and nature-made is perfectly expressed.

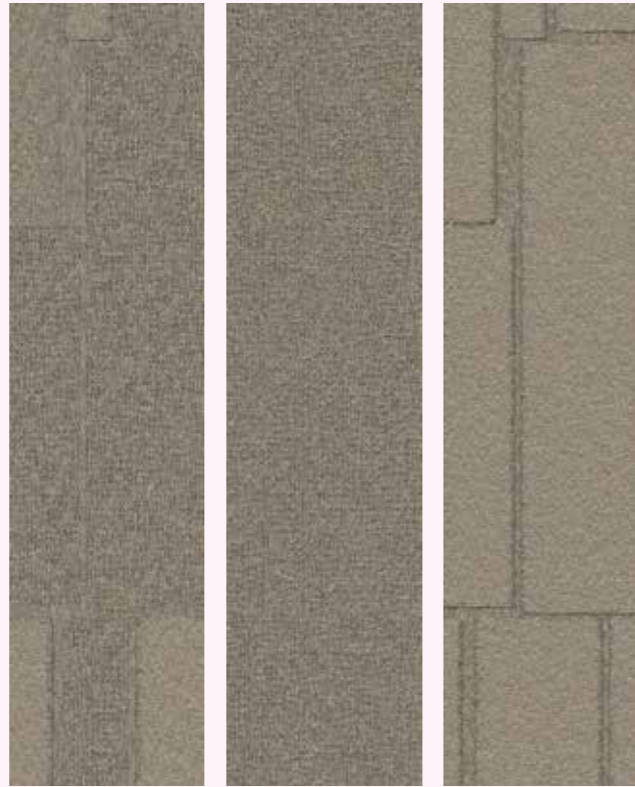

The newest addition to our growing global category, Equal Measure is a collection of three textures that, just like the crossroads of two streets, moves in four directions. When placed in sequence, these three textures align seamlessly, matching on any side—allowing for an infinite number of variations.

Timeless. Beautiful. Enduring and Refreshingly New

Travel broadly and discover the common craft of making cloth. World Woven Collection captures the essential themes in fabrics from around the world. Uncomplicated, hand crafted and imperfect are often the terms of beauty today. In a way, this seems more authentic and more accessible. Familiar objects conjure a sense of security, comfort and well-being.

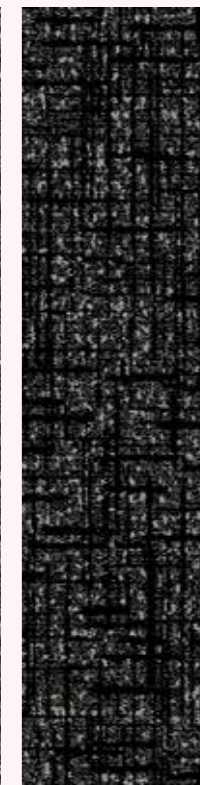

The World Woven Collection draws heavily from textile patterns and woven structures that embody all these things. World Woven Collection is skinny planks™ and squares, nine styles in 8 colours and made with 100% recycled nylon, weaving together our current predilections with memories we share of some of the most enduring textiles of the past – simple, elegant fabrics that keep us warm and lift our spirits.

A Cut Above

[page 15]

Product construction	Tufted Textured Tip Sheared Loop
Yarn/Fibre	100% Recycled Solution Dyed Nylon
Machine Gauge	Tapestry
Pile Thickness	3.0mm
Total Thickness	7.0mm
Tile Size	1x1m
Area of Use [Commercial]	General Use

Head Over Heels

[page 16]

Product construction	Tufted Textured Tip Sheared Loop
Yarn/Fibre	100% Recycled Solution Dyed Nylon
Machine Gauge	Tapestry
Pile Thickness	3.0mm
Total Thickness	7.0mm
Tile Size	Individual Product Description
Area of Use [Commercial]	Heavy Use

Hip Over History

[page 17]

Product construction	Tufted Textured Tip Sheared Loop
Yarn/Fibre	100% Recycled Solution Dyed Nylon
Machine Gauge	Tapestry
Pile Thickness	3.0mm
Total Thickness	7.0mm
Tile Size	Individual Product Description
Area of Use [Commercial]	General Use

Production specifications are subject to normal manufacturing tolerances and may be changed without notice. Slight variation in colour among different production lots are normal and should be considered in the overall installation plan. Pile Thickness & Total Thickness quoted is to within a +/-0.5mm manufacturing tolerance.

Products covered by manufacturer's written warranty only. All other warranties, including without limitation any implied warranties of merchantability or fitness for particular purpose, are hereby disclaimed. Contact your representative for written warranty information.
